The Gantt chart displays a project schedule from October 2024 to May 2025. The timeline is divided into months, with specific dates marked at the top. The project is organized into several main phases, each represented by a colored bar:

- RAD (Requirements Analysis Design)**: A long purple bar spanning from October 14, 2024, to December 20, 2024.
- SDD (Software Design Definition)**: A purple bar starting on December 20, 2024, and ending on January 10, 2025.
- ODD (Operational Design Definition)**: A red bar starting on December 20, 2024, and ending on January 13, 2025.
- Implementazione (Implementation)**: A yellow bar starting on January 13, 2025, and ending on March 12, 2025.
- Testing**: A green bar starting on March 12, 2025, and ending on March 21, 2025.

Key milestones and tasks are indicated by small circles and labels along the timeline:

- Capitolo 1: Ambiti... Sistema**, **Capitolo 2: Sistema Aziendale**, **Capitolo 3: Definizione Requisiti Funzionali**, and **Capitolo 3: Definizione Requisiti Non Funzionali** are part of the initial requirements phase.
- Definizione degli Scenari**, **Stesura Use Case**, **Stesura di oggetti entity, contro...**, **Creazione Class Diagram**, **Stesura del...**, **Stesura dell'Activity Diagram**, **Creazione...**, and **Revisione RAD** follow the requirements phase.
- SDD | 20/12/2024 - 10/01/2025** marks the start of the software design definition phase.
- Capitolo 1: Obiettivo Del S...**, **Design Goals**, **Trade Offs**, **Capitolo 3: Sintesi del sistema**, **Capitolo 3: Decomposizione in sotto...**, **Capitolo 3: Diagramma architetturale**, **Capitolo 3: Mapping Hardware/Soft...**, and **Revisi...** are part of the software design definition phase.
